

CUUSS-TS GENERAL ASSEMBLY - APRIL 10th, 2025

CUUSS-TS RESOLUTION 402-2025

RESOLUTION FOR INCREASED MOBILIZATION FUNDS AND TACTICS

WHEREAS

The University's administration is currently not honouring the terms of the Collective Agreement with regards to the integration of recently accredited members, specifically with regards to the effective date of integration. The administration is also not honouring the terms of the Collective Agreement in the step placement of many of the recently integrated members, and is refusing to engage in transparent discussions on this subject.

The Union has filed grievances with the University in regards to all of these problems. This is a slow process, and more pressure is needed to compel the administration to take our demands seriously and immediately.

For mobilization to be effective, the participation of the vast majority of Union members is essential. Given the current level of Union involvement of the membership, significant action is required to engage and mobilize our members.

In consideration of the above,

Be it resolved that;

- The Assembly approve an increase in funding for Mobilization in order to combat the University's refusal to honour the Collective Agreement
- The Assembly approve the use of pressure tactics, including public awareness campaigns, to promote recognition of our rights and the employer's legal obligations
